

Nick Bryant CV

Nick was born in Tunbridge Wells and educated at Marlborough College. His Livery education began back in 1983 when his father, Jonathan, was Master Currier and Nick sampled his first cigar at the Livery Dinner. With Basil, his grandfather, also being Master in 1966, there is a strong family connection to the Curriers company.

Nick's early career was in marketing, across different industries from insurance to wallpaper manufacturing to hotel reservations.

In the early 1990s there was an abrupt change away from the cosy office life and into the hands-on world of property development in Fulham, West London, working on several residential refurbishment projects with friends before starting on his own in 1994.

Since then Nick has taken on larger and more interesting residential challenges in Barnes, Notting Hill & Holland Park. Some of the projects have been recognised with industry awards for their quality and innovation.

Now living in Hampshire, very close to the 7 Squadron base at RAF Odiham, with whom the Curriers have a longstanding affiliation, Nick is married to Maria, who runs a local befriending service and they have four children, Rachel, Toby, Emma & Abbey who have all begun to enjoy the Curriers experience.

Nick has benefitted from his previous Curriers roles of Court Assistant, Junior Warden and being involved with the Charity & Events Committees as well as being the current organiser of the Curriers Golf commitments.

Weekends are spent playing golf at North Hants Golf Club and cricket at Odiham Cricket Club. Nick is also a keen walker, having completed the 3 Peaks Challenge, climbed Kilimanjaro and trekked across Jordan.

He is also a Churchwarden at his local church of St Andrews.

Elected 12th October 2018
