

WORSHIPFUL COMPANY OF WHEELWRIGHTS

Master Wheelwright 2018 – 2019 Mr James Tucker

James is married to Janice and they have one daughter, Sophie (20).

James joined the Worshipful Company of Wheelwrights in 1997. His grandfather was a liveryman and member of the Court and his uncle is a liveryman as was his late father.

He has been an active member of the company. He has been on the Court since 2008 and has chaired the Felloes Committee and more recently the Livery and Membership Committees.

He spent most of his working life in the City working in Product Control and prudential regulatory roles at Morgan Stanley from 1988 to 2000, JP Morgan from 2000 to 2006 and finally as Head of Regulatory Advisory, Global Banking & Markets at HSBC until 2017.

He is currently trying to learn Spanish so he can enjoy his shared family house in Ibiza. Hobbies include shooting, reading (real books not technical papers at last) and has recently returned to skiing after a 25 year break, having joined the Inter-livery skiing competition in Morzine, France in 2018. Having grown up in Suffolk, his weekends are often spent in Southwold taking long coastal walks with his family and sampling the excellent local beverages and farm produce.
