

WORSHIPFUL COMPANY OF WHEELWRIGHTS

Master Wheelwright 2017 – 2018 Mr Bert Wiegman

Bert Wiegman grew up and was educated in Surrey after his family moved there from the Netherlands. He attended Manchester University reading Aeronautical Engineering, before joining Lloyds Bank and continuing his studies, gaining a Fellowship of the Chartered Institute of Bankers. Bert spent 10 years with County Bank before leaving to join Hoare Govett, following which he established his own private equity fund.

Bert is Managing Partner at private equity fund Langholm Capital LLP, which he co-founded in 2001. Much of Langholm's investment work has been directed at successful, fast-growing UK consumer brands such as Dorset Cereals, Tyrells Crisps and Barts Herbs & Spices. Bert became a Liveryman in 2005, joined the Court in 2010 and has since served on Investment, GP&F and other Committees.

Bert is married to Gail and they have two adult sons, Thomas and Benedict, both of whom are Liverymen of the Wheelwrights. Bert's main home is in St James's, but he is known to frequent Hampshire at weekends and especially its chalk streams during the trout fishing season.

Outside of his commitments within the Worshipful Company of Wheelwrights Bert enjoys shooting, fly fishing, sailing and skiing.
